Where Tin Is Found.

More than half the world's supply of
tin is mined in the Straits Settlement at
the tip of the Malay Peninsula. The out-
put in 1891 was 56,000 tons, out of a total
of 56,500 tons; 12,000 tons came from the
Dutch East Indies, chiefly from the is-
land of Banca, leaving only 8,500 tons for
the rest of the world.

The early closing movement is again
being agitated, and in justice to the
clerks, as well as the proprietors of the
stores themselves, it is to be hoped that
an agreement will be brought about

and the stores closed at the end of
the working day—say 6.30. Farmers and
all out-of-town people almost invari-
ably do their trading during the day,
getting home in time to do their even-
ing chores, and the trading that is
done in the evening hardly pays for the
lamp-light, and it would be done in
the daytime if the merchants were
accustomed to close at an early hour.
None of the merchants can be expected
to close, however, unless all do. The
majority of them will not shut up shop
for the sake of letting the few catch the
evening trade.

Three of our young men were married
on Wednesday, and next week we shall
have two more marriages. The mar-
riage of Miss Mary Mullarkey to P. F.
McAndrew was performed at 3 o'clock
in the afternoon in St. Thomas' church.

The bride was attended by Miss Katie
McCann, of South Scranton, and the
groom by Andrew Maloney. The bride
wore a beautiful gown of cream cash-
mere, with lace trimmings. The bride-
maid's costume was of pink cashmere,
trimmed with lace. A bounteous sup-
per was served at the home of the
bride's father, James Mullarkey, of
Salem street, where an enjoyable time
was passed by many of the friends of
the young couple.

On Wednesday afternoon, also, M. F.
Mahon, of Mount Vernon, was married
to Miss Nellie O'Neill, of Scranton, and

The sympathy of the many friends of
Mr. and Mrs. John J. Sampson, of
Duryea, goes out to them on the sad
occasion which called from them their
youngest son, Francis Fuller Sampson,
whose burial took place here early in
the week. He was a bright and inter-
esting child, the joy of his fond parents,
and the delight of the household in
which he moved. In this sad hour
their consolation for the sorrowing
friends in the knowledge that they
have the sympathy of every one over
the loss of their little one.

As an effect of the generosity of
Father Comerford, the Young Men's
Lithary club will soon have a club
house of its own. At the last meeting
of the club he made a proposition,
which practically gives them this. It
is Father Comerford's intention to
move his present residence back to
Railroad street, and when his new re-
sidence is built the old one will be en-
tirely remodeled and fitted up with read-
ing, recreation, bath rooms, and library,
and it will be set apart for the use of
the young men. The club was delighted
with Father Comerford's proposition
and immediately notified him of their
acceptance of it. Father Comerford has
always taken a friendly interest in the
club, and the latest generous act is
simply one of many by which he has
endeavored himself to the young men who
comprise it.
